ABOUT IEEE COMMUNICATIONS SOCIETY
IEEE Communications Society is a leading technical and professional community with over 50,000 members worldwide. Founded in 1952, the Society evolved into a diverse group of global industry professionals with a common interest in advancing all Communications technologies. IEEE GLOBECOM has earned an international reputation. ComSoc members stay on top of the world of communications technology by accessing up-to-the-minute technical information, networking with other experts in the field, and leveraging exclusive benefits.

AS COMMUNICATIONS TECHNOLOGY PROFESSIONALS, ENGINEERS AND PRACTITIONERS AROUND THE WORLD KNOW, AUSTIN TEXAS IS KNOWN AS "SILICON HILLS".

We offer many levels of patronage and opportunities to exhibit. After all EVERYONE knows that Patronage Means Leadership and Reputation.

Patronage Opportunities include: Involvement in industry sessions, forums, announcing major technology implementations, regulatory impact assessments, effective economic models, and engineering methods used by industry practitioners. Speaking opportunities are also available in either Keynote sessions, Plenary or Industry Forum sessions. Also one of the most important aspects of participating is networking with other industry leaders. The event also offers timely and relevant educational opportunities for your employees.

INTRODUCTION

The IEEE GLOBECOM 2014 Conference is one of the IEEE Communications Society’s two flagship conferences. Each year, over 3,000 scientific researchers and their management submit proposals for program sessions to be held at a GLOBECOM Conference. After extensive peer review, the best of the proposals are selected for the conference program, which includes technical papers, tutorials, workshops and industry sessions.

Major components of the conference program include: keynote speakers (representing the elite of the Communications industry), technical papers sessions, workshops, tutorials, an award’s luncheon and a world class banquet with entertainment. IEEE GLOBECOM 2014 will also place major emphasis on the real-world interests of industry practitioners.

It is with great pleasure that the Austin technical and business community was chosen to host this prestigious Conference.

In addition to the program shown below, there will be special industry events and opportunities to meet and recruit young engineers. This will include a GOLD (IEEE Graduates of the Last Decade) Session, and other professional and networking with other industry leaders. The event also offers timely and relevant educational opportunities for your employees.
